Chief Deaton,

I have thought long and hard about my future as of late, and spent many hours putting thought into my decision. I have decided to resign my full time position as a Communications Officer with the Sugarcreek Township Police Department effective October 28, 2012, in order to further pursue and advance my career in medicine.

I can't begin to say how much I have appreciated my time here at Sugarcreek Township. I have been given so many opportunities, and have learned a great deal that I will carry on with me. Public Safety has helped to build a foundation of skills that I know will aide me in my future endeavors. This has been my home for the past five years. I want to take this moment to personally thank your staff and you for your guidance and wisdom. I feel very fortunate to have been a part of such a growing township. A wise man once told me good opportunities often come with difficult decisions, and this decision was no exception. At the end of the day I know it's the right one for me. Science and medicine have and always will be my true passion.

I would like you to pass on to my co-workers how great it has been to work with them. Since I started in dispatch my colleagues and I have accomplished a lot. At times things were difficult, I was so proud of how everyone has pulled together in difficult times. I will be willing to help train some new employees, and even be open to the possibility of discussing staying part time until those employees complete the training period. Any help I can provide just let me know. Once again I thank you, and wish Sugarcreek the best success in the future.

Sincerely,

Aaron A. Woodall  
Communications Officer
